MINING, BUSINESS AND STOCKS.

BUSINESS GOOD ON THE EXCHANGE

Mining Stocks Were Firm With Prices Strong.

DALY JUDGE THE FEATURE.

Rig Declines Recorded by Lower Mammoth and May Day-Week's 235,375 Shares for \$268,460.

With transaction involving 235,375 shares and \$268,460 recorded, an interesting and quite satisfactory week's business in mining stocks was brought to a close with this morning's session of the exchange. During the week, trading has been active in not a few issues on a broader and generally higher market. The better class of in and the average price per share of the issues that participated was more than one dollar. The demand for the more uncertaain class of stocks was

During the week Daly West at figures between \$54 and \$55.90 was traded in to the extent of about 1,500 shares. There has been considerable profit taking by speculators in the stock. Daly Judge was much in demand and closes today at an appreciably higher figure than the opening on Monday.

Some Daly was marketed one day this week at figures as high as 2.25 and today the stock between 2.00 and 2.04 was sold on seller options to the extent of over 800 shares. Con. Mercur has been very active at figures between 2,02 and 2.05, while Carisa, California and May Day led the lower priced is-

The market is yet extremely weak and sensitive and the demand for stocks outside investors is very small. It the opinion of some of the more ominent brokers that the exchange ould insist upon having at least quarterly financial statements from ev-ery company whose stock is dealt in on the exchange. It is said that a reason why the listing committee has not enforced a rule providing for such state-ments is that a number of companies ould withdraw their stocks rather than comply. A mining man of prom-inence said today that not a company having stock on the public manwould dare bring upon itself the crit panies afraid to make known their true condition of affairs under oath. The same gentleman is of the opinion that the exenange to become a financial power must be conducted along lines similar to those by which the great ex-changes of the world are conducted. WEEK'S ORE SHIPMENTS. Consignments From All Camps

Smaller Than Usual.

Ore shipments from the several camps In this state during the week ending to-day have been extremely light, one cause being that many properties were closed down over Independence day. There is a very strong belief in cer-tain quarters that the ore hauling rates from Tintic will shortly be redual again and there are not a few mining men who look to see the Tintle mines aided to a considerable extent by the American Smelting and Refining com-pany as soon as Manager Whitley gets things under his control here. Geo, E. Gunn the new ore purchasing agent is reported from Montana to be an ex-

pert in the business and a most admir ble gentleman. The new Bingham rate of 5 cents per ton has as yet not byn taken advan-tage of to any con derable extent. From Alta, Stockton : "I Nevada camps hipments were quite as heavy as usual

BUSINESS NOTES.

The first half of July has been a record breaker in local financial circles in many respects. The merging of the Ogden, Logan and Lagrande Sugar factoris into the new Amalgamated Sugar company, the sale of half the stock of those three concerns to eastern interest, the special dividends (in addition to the regular) disbursed by the Deseret havings bank and the Home Fire, the payment into the treasury of the Utah Sugar company of \$300,000 for new stock, and the advance in price of nearly every stock in the local list-all these causes have operated to make the month up to this time a specially notable one to the investing public.

During July the following concerns pay their regular dividends and interest disbursements, most of the payments having already taken place: Home Fire Insurance Co., 2 per cent; State Bank of Utah, 2 per cent; Deseret Savings bank, 2 per cent; Commercial National bank, 3 per cent; Zion's Savings bank, 2 per cent; Provo Commer-ciat and Savings bank, 2 per cent; M. M. Johnson, the mining conducted at the under whose direction operations at the Boston Consolidated property in Bing-transfer Bros., Banking Co., 2 per cent; First National Bank, Ogden, 3 cent; First Nationa per cent; Rocky Mountain Beil Telephone Co., Pg per cent; Church bonds, 3 per cent; Salt Lake City Railroad bonds, 3 per cent.

WOOL IS NOW ALL CLEANED UP.

The wool season in Utah, Idaho and Wyoming is now to all intents and purposes over and there are but a few isolated carloads left.

One of the last of the eastern woolbuyers left on the noon train today for home in the person of A. G. Root, of H. C. Judd & Root of Cncinnati. Prior to leaving Mr. Root expressed himself as being very pleased with what he had accomplished this year, especially as he had captured over 4,000,000 pounds of wool, principally out of Idaho and Wyoming. He stated that the season now at its close was if anything one of the swiftest in the history of the west, and that the flockmasters seemed to be ready to part with their clips as soon as their flocks had been shorn, and had not hung on to their wool in hopes of better figures as had been the procedure in past years.

L. L. Downing, commercial agent for the Chicago, Milwaukee & St. Paul, returned from Wasatch this morning, where he loaded up 20 cars of the clips of the Deseret Livestock company, the Bountiful Livestock company, and the wool of the Hatch Bros., all of which was purchased by Hecht, Liebmann & Co. of Boston. Mr. Downing reports that the last pound of wool with this shipment has now been cleaned up in the region of Evanston and Wasatch, and that the Milwaukee has succeeded this year in breaking records for ship-

Among the local business men interested in the project are several well known citizens, one of whom said to the "News" this morning that the company about to file articles in this state is a bonafide affair and means business "The necessary capital is forthcoming," he declared, "and just as soon as the necessary preliminaries are straight ened out active operations will be in order. The company has no intention of acquiring the franchises for a right of way for the purpose of selling out to anyone. The road will be built and op-erated by the company itself and the promoters think that the time is ripe for the building of the road."

Attorney A. V. Taylor, who is conducting negotiations here for the franchise in an interview also had the fol-

lowing to say regarding the new com-"The backers of the enterprise, are men of great wealth and of long experience in managing street railways A part of their plan is to build two or three large factories along the right of way, and the success of the venture will mean great things to the Salt Lake valley. Slight Changes Either Way in the General List

FLUCTUATIONS IN SPECIALS.

Caused Some Confusion of Sentiment -Bank Statement Caused Prices to Harden Very Materially.

New York, July 12.-Slight changes were made either way in the general list, but the wide fluctuations in special stocks confused the sentiment somewhat. Rock Island advanced 4 points to 192 and reacted 214. Amalgamated fell a fraction when Anaconda broke points. Atchison was taken in large blocks at an advance of over a point. The market became practically idle before the appearance of the bank statement, but prices hardened on the Increase in surplus reserves. The grangers were principally affected, Missouri Pacific and St. Paul recovered a point over last night and Atchison increased its gain 11/2. New York Central also got up nearly a point and the industrials rallied. The closing was quite active and firm.

R. G. Caldwell, an alleged grafter and sure thing man, was found guilty by Judge Diehl yesterday afternoon on the charges of drunkenness and vagrancy. He was sent up for 25 days. Harry Newell, alias Kid McCoy, of Colorado, a prize fighter (?), was charged with vagrancy.

Officer Gillespie testified against the man and said the defendant entered a fake fight with Lawler at Ogden and laid down in the second round because his heart failed him. McCoy hotly denied the charge and said he had to quit because Lawler's punches hurt him. He was found not guilty and discharged.

Julian Kirk said it made no odds to him. He was guilty. He was fined "Gee whiz," said Kirk, "I'll never pay
